### **AF-Monaco split 4 pce Unit** **Install Instructions**

The 4 pce Monaco Split will come crated as a one pce unit, and it includes (1) bathtub LH or RH, (2) side panels, and (1) back wall.

- Remove wood crating
- Remove all stove bolts.
- Gently remove side and back panels by lifting up as they are attached with pins
- Install bathtub, drain and overflow adjusting 2 legs for levelling.
- Install the back wall over the steel pins (red) provided
- Screw top flange to stud at back to hold
- Set left and right panel into pins at back wall, and rest wall into front pin
- Cut out or drill control for hot/cold lever
- Level walls and screw to studs. NOTE: if accessible, put stove bolts and nuts back in holes
- Silicone inside as needed
- Shower head should be installed above the unit.
